SITUATION IN EUROPE IS DESPERATELY GRAVE

Lake Saskatoon Open Spiel Was Outstanding Success; Edgar Won The Challenge

(Special to The Tribune)

LAKE SASKATOON, Mar. 10.—The annual open bonspiel in which 12 teams competed was held yesterday at Friday. For the greater part of the time the ice was in excellent condition, the some splendid curling was served up.

Edgar defeated Smith to win the coveted Grand Challenge.

In the Merchants (double seven), C. P. Smith and Gordie Smith were in the final on the right side. It was a case where brotherly love was set out in the sun until after the game, the left side Boston defeated Edgar in the final.

McKay Defends Hugh Allen Cup Successfully, 14-7

The Clairmont rink, who won the Dominion Hotel event at the Spirit River bonspiel, skip by Trout decided to make a week of it and came down to Grande Prairie on Friday and challenged the R. M. Kay aggregation for the second attempt to win the Hugh Allen cup, but lost.

Clairston players had a good shift nevertheless, in that they were using strange rocks, and never recovered from the start.

Gordon Orr, another man for McKay's probably turned in his best game of the year, getting about 80 per cent of his shots.

Dick Diron, skip for Clairmont, on second attempt drew in Boston with McKay counting three and four.

The ice was a little on the touch side, and swings at times. A short notice the gallery was slim, but everyone present enjoyed the game from behind the glass.

By the score board:

Clairmont ... 010 110 060 012 01-7

Grandma ... 304 001 211 200 06-14

Personality ... 000 000 000 000 00-0

R. A. Trout, third; Glen Walker, second; W. Ward, lead; C. B. McKay, skip; Gordon Orr, third; Don Tanner, second.

After the game the visitors were at the guest of the Grande Prairie curlers at the Palace Cafe.

Large Attendance At Funeral of Mrs. Frank Burke

Mrs. Frank Burke of west of Clairmont district, who passed away in Grande Prairie on Sunday, March 1, laid to rest on Tuesday. The funeral services were held in St. Joseph's Roman Catholic Church, Father O'Donnell officiating. Burial took place in the Grande Prairie cemetery.

The death is an extremely sad one, as it will be noted that in the three weeks to thirteen years are left.

The large attendance at the funeral and the beautiful floral tributes brought the high death rate of Mrs. Burke to her wife by her side of friends.

She died in her home in Alberta from North Dakota about ten years ago and settled in the Kleskun Hill district in the East end, where they lived up to a farm west of Clairmont.

Mr. and Mrs. Burke were married at Devil's Lake, North Dakota, in 1911. In 1916 they moved to the country. Mrs. Burke made many friends, all of whom regret her passing.

The following are left to mourn: Husband, infant son (3 weeks old); Francis (13); Elizabeth (11); Dwan (10); others surviving are: Father and mother and two sisters and two brothers living at Williston, North Dakota; a married sister living in Missouri.

Floreal tributes: Dad and children; Mr. and Mrs. George, Mr. and Mrs. Mrs. Wilfred George and family; Mr. and Mrs. E. Lewis, Mr. and Mrs. Ernest Lewis and wife; Allan Gallinger school; Emil Ronberg, Mr. and Mrs. J. Fitzpatrick; Mr. and Mrs. Wm. Fitter.

The following were the pall bearers: George Balmer, Allan Gallinger, Abe Schreider, W. Fitzpatrick, D. Knechtel and A. Yelichowski.

MAN WHO LAID THE FIRST GRANDE PRAIRIE SIDEWALK PAYS TOWN BUSINESS VISIT

John Parent of the Fitzsimmons district was in Grande Prairie between trains on Tuesday. The trip was intended for his patent on his second homestead.

Parent years ago lived in Grande Prairie during which time he built two log houses and laid the first stone walk in the town and in conversation with The Tribune reported said that he raised its first flag. This was in 1914.

Notwithstanding that he is well over 72 years of age Mr. Parent is still in good health and still capable of a good hard day's work.

France's New Defences All Ready For "The Invader"

A newly-constituted French directorate of northern defenses for the organization of the sector opposite the Belgian frontier came into being recently, and the movement has now been completed. The picture shows an ammunition storage and reserve shelter running underground. There is also a concrete gun emplacement. These frontier defenses are completely hidden from the eye from the outside and are expected to be very effective in stopping advancing infantry.

Reports received during the week indicate that these defenses are now fully manned because of the desperate situation caused by Germany's denunciation of the Locarno Pact.

Above these defenses swift pursuit planes now fly, with instructions to force down any airplane which may be suspected of having an ulterior motive.

PARIS, Mar. 12.—Germany now has imposed 90,000 troops in the Rhineland, and War Minister Maistre told the press here today that for the moment France has taken "sufficient military measures" to meet this implied threat without ordering any mobilization measures. A mobilization order, however, will be issued when an emergency decree in wartime was adopted today by the administrative committee of the Chamber of Deputies.

Rappel Won The Challenge At The Spirit River Bonspiel Under Chinook Conditions

Trout of Clairmont Annexed the Dominion Hotel Event and White of Spirit River Won the Consolation.

NEW GYM INSPIRES POET

There was mention in these columns some time ago about the gymnasium which is being built at Sexsmith under the capable supervision of Mr. Gilpin. All are welcome from the ages of six to sixty, both sexes and they are already having full advantage of this private gym.

The ladies classes are especially enjoyed by those who have had an account of the rumor that is going around to the effect that there will be a bathing beauties contest this coming summer. The girls are all here and the fact remains that the ladies are going strong for it. We have been having a good time one of the devotions of the girls like art of reducing which is printed below.

Um over weight, I must reduce,
If that means diet, fat no use,
"m really serious, I must begin,
So I take down, and joins the Gym.

"One" bend this way; "two" bend
that;
Then stand forward and touch the
ground, ten times in the newbest, easy goes,
But just try to hand over and touch
your toes.

Unto the last, flat on your back,
Tighten those muscles, allow no slack;
Stretching and hopping, fun sight,
Till the instructor orders "That's
enough for tonight."

Don't help laughin', have to grin,
When folks remark, "You're setting
this";
So I just weighed, and then I found,
G'damn! G'damn! G'damn! I'd gained a
pound.

SPLIT ATTENDANCE AT CANCER

A steady flow of young people from Sexsmith Heights and Meadowville journeyed to Buffalo Lakes on Friday evening for the dance there, while an equal number from the Sexsmith La Glace for the entertainment and dance. This seems to be the proper spirit to show when dances at two different places fall on the same evening. At any rate, no one was disappointed, so it can be concluded that the entertainment was made about equally. The comment was made that some particularly fine comments were made about the entertainment at La Glace by those who saw it. The band, orchestra and vocalists, the concert and dance were held, are to be congratulated on the evening's performance.

SPORT NEWS

Although the chinooks were welcome, they have been causing considerable damage to the open-air riding.

In spite of this, the local hockey team made a trip to Buffalo Lakes for their annual game. The weather was wet but got better, describes fairly well the conditions under which the game was played. However, it was a hard-fought game and in the end both teams accepted the situation in good grace. The first two periods ended in a tie, so the third period was decided to produce a score for either side. The Buffalo Lakes team managed in three goals in the last period to win 3-0. Scoring honors went to Jim McLean and Mac McKeown and B. Manay.

Mr. E. Carney, who handles the bell, had a rather nice time of it, handing the bell to Gordon White and one to Myron McKeown.

For the final sample of the time bunches of dried leafs of lead of players and fans returned home. The other lead remained to stink on a nearby lake.

Hundred-Year-Old Bank Notes Tell Romantic Story

Early Canadian Currency Comes To Light In U.S.; Presented At The Royal Bank

EDDIES OF Canada's early days when a bill was a "pistole" and "piece" of eight were presented at a New York currency show, reached Montreal recently via the international banking route.

From a bank in the United States, The Royal Bank of Canada obtained for redemption a bundle of old bills issued by the Union Bank, Montreal, between 1835 and 1840. These, some of them slightly dog-eared from the printing, indeed, they must have lain in some bottom drawer or old chest for nearly a century, were the only ones ever. Six individual bills in the bundle, in denominations of \$1, \$2, \$3, \$5 and \$10. Their total value was apparently \$10.

The bills themselves tell a romantic story of Canadian pioneer business and finance. Engraved on the face of the bills were the names of the rail-road train, presumably the first rail-way in Canada, which began operations between Lévis and Jonquière, Quebec, two years before the bills were issued. By a coincidence, The Royal Bank of Canada this year has assumed responsibility for the opening of this same railroad.

It is interesting to note, too, that the bills are printed in a polyglot of English, French and Latin. The one dollar bill is engraved in French, English, and a combination of French and Spanish, for the word "pistole" is also used, side-by-side, in "une pistole". The use of the word "pistole" and its existence in financial parlance 100 years ago arose from the fact that the coin grew up between Canada and the Caribbean.

Halifax and other Maritime merchants, however, also dealt extensively with this term through their dealings with many Spanish business men trading in the Maritime ports. Canadians, particularly in the East, and "pistoles" were generally accepted as the equivalent of dollars. It is from this date that the term "piece" was coined; "two bits" and "four bits" originated; the "pistole" was divided into eight equal parts, the "pieces of eight". The "piece of eight" became a "bit"; thus "two bits" became a quarter or 25 cents; four bits, 50 cents, and so on.

Other details of the old bills bring to light other unusual facts concerning the trading and financial practices of the time. For instance, there was no legal currency in Canada from time to time when local banks and business firms had their own currencies. Frequently the bills were issued payable to some stated individual or "bearer." Thus, one of the \$5 bills of the 1838 issue was "Union Bank pay on demand \$5 to R. Harvey or bearer." Mr. Harvey's name being unknown.

This story, unfortunately, has a sad ending, at least for the people who have presented these old bills for redemption. The author of the story of the Union Bank of Montreal—The Union Bank of Lower Canada," however, did exist and later became the Union Bank of Canada, which was absorbed by The Royal Bank of Canada.

The old bill, however, was the immediate cause of the death of Mrs. Jacob Wurtz in the loss of her son, Edward Henry Robertson, last Saturday evening. She died with him and Mrs. Talton to their new home at Hyatt. We wish them the best of luck.

Mrs. Talton left on Sunday for Edmonton, to join his wife, en route to their new home in Denver, Colorado. Many of us remember Mrs. and his son, Edward, when we wished them the best of luck.

On Friday evening, March 6, quite a small crowd came in from Twilight and Crystal Creek to join with the parents and friends of this scholar of Five Mile Creek in seeing a program put on by the students of the senior room of Five Mile Creek school.

BITTER FIGHT FORECAST FOR THE FRENCH ELECTIONS

BOOK TALK

Environment by Phyllis Benson

Marjorie Johnson tried to have her life on the theory that so long as a person has an aim in life one's surroundings do not matter. Like most people, she was difficult to put into practice. She had been sent by her mother to the High School instead of the Normal School. Her mother's mistress pronounced her "clever." So Marjorie's aim was to learn, and to assimilate the manners and speech of Eastern Star girls. The girls, however, wearing caps and aprons to match the table napkins with their Eastern Star mothers, further added to the deacons' eyes. When the girls' social studies was the selling of very special recipes.

The members wish to thank all those who helped to make this a social and financial success.

ESTERN STAR A DELIGHTFUL AFFAIR

The Eastern Star tea, held in the Municipal Hall on Saturday afternoon was a resounding success not only from a monetary viewpoint but also socially. The hall was tastefully decorated in the colors of the Eastern Star, and a large lit-up star glowed over the little tables with tiny spring-like touch of tiny flowers. The girls, with their wearing caps and aprons to match the table napkins with their Eastern Star mothers, further added to the deacons' eyes. When the girls' social studies was the selling of very special recipes.

The members wish to thank all those who helped to make this a social and financial success.

Council To Make

(Continued from Page One)

J. B. Oliver took objection to several suggestions and recorded his vote in the negative.

The question of paying the Mayor and councillors for their services was introduced in a by-law which received its first reading. A lengthy discussion revolved around the question.

Councillor Swallow observed that while the Mayor and councillors should be paid, he was not in favor of putting the town to the expense of taking a vote.

Councillor Goldsworthy suggested that the whole question be referred until a December meeting.

Councillor Simpson said that he had not changed his mind since the matter was first raised and that the cost of a public enemy, in a story based on actual facts and cases, are the best way to pay a public functionary.
